No.NCL/SGR/QM/16/1423

24.10.2016

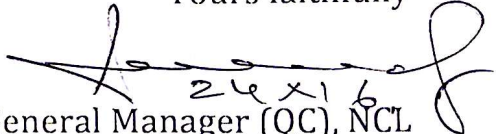

**Sub: - Provisional change of declared despatch grade of Amlohri and Jayant Projects of NCL.**

The declared despatch grade of Amlohri and Jayant projects has been provisionally changed to G-10 (GCV 4301-4600 Kcal/Kg) instead of G-09 (GCV 4601-4900 Kcal/Kg), w.e.f 19.10.2016. This has been changed due to extended and heavy monsoons during the past three months which led to water logging of seams, heavy siltation at coal faces and approach roads at NCL mines.

The above change is only provisional and will be in effect till the end of November 2016 by when Amlohri and Jayant is likely to improve turra production percentage to achieve the requisite grade mix of G-09 (GCV 4601-4900 Kcal/Kg). Accordingly, necessary changes may be made in making of coal bills at the mines.

This is for your kind information.

Yours faithfully

  
24.10.16  
General Manager (QC), NCL
